The Jumbo Premium (3 lb) leads on editorial score and value per ounce for serious gifting; the Signature box is the elegant mid option.

How to choose

When deciding between these products, consider what matters most to you: texture, sweetness, value per ounce, and your intended use. Firmer varieties like Deglet Noor are excellent for baking and chopping, while softer varieties like Medjool are preferred for snacking and gifting. Organic certification adds a premium but does not always guarantee better taste. Use the data above to compare on the dimensions you care about, rather than relying on brand recognition alone.
